

- 01:01
 - Hello, it is important when you start the new data science program that your notifications are turned on in slack.
- 01:08
 - um so when you're in slack you're going to click your profile to talk right it'll say pause notifications, and then you can set your notification schedule.
- 01:17
 - So here, this is my work week, so I have my notifications on the days that I work and the times that I work, you can set yours up based off of.
- 01:28
 - Your work schedule and when you study this way your notifications will go off and here and here when we messaged you back when you have any questions that's it.
