- 00:28
  - Alright, and this video i'm going to show you how to save a in Google sheets on so right here is the name of your file, so we can just call this example Google.
- 00:43
  - Google sheet save and go ahead and press enter, and this is the name of our file i'm going to go to file.
- 00:56
  - i'm going to go to file and then we are going to you know let's just go straight to download and I know it'll save download i'm going to go ahead and.
- 01:08
  - download it as an excel format.
- 01:12
  - And then over here, you can see that it's populated in my downloads and now it's on my desktop and it's on my computer right there.
- 01:22
  - And that's it.
